Introduction

Your attention is your superpower

Deep work — cognitively demanding work done without distraction — is the skill of the decade. In a world of notifications, the person who can focus for 3 uninterrupted hours outproduces the distracted person 10-to-1. This planner gives you the science, the system, and 8 weeks of structured planning pages to build an unshakeable focus habit.

How to use this planner: Read Parts 1-6 once (the system). Then use the 8-week planner section daily. Do the 30-day challenge to lock in the habit.

WHY IT WORKS: *You don't rise to the level of your ambitions. You fall to the level of your systems. This book is your system.*
