How To Use This System

From invisible to inbound

LinkedIn is the highest-ROI social platform for B2B freelancers, consultants, and job seekers. But 'post consistently' is useless advice without a system. This book gives you: content pillars, 90 plug-and-play post prompts, an engagement engine, and a profile funnel that turns views into leads.

- **Part 1 — Foundation:** positioning, pillars, and your content identity.
- **Part 2 — The 90 Prompts:** 90 days of post ideas, categorized.
- **Part 3 — Writing:** hooks, structure, and the formats that work.
- **Part 4 — Engagement:** comments, DMs, and the visibility flywheel.
- **Part 5 — Funnel:** turning views into calls into clients.
- **Part 6 — Analytics:** what to measure, what to ignore.

WHY IT WORKS: *You don't need viral posts. You need 500-2,000 of the RIGHT people seeing you consistently. A freelancer with 1,500 targeted followers outperforms an influencer with 50K random ones for lead generation.*

Your turn:

My goal (clients / job / authority): _____

My niche in 5 words: _____

Current followers: _____

Posts per week (target): _____
